THE COLOURS OF WINTER GREEN LIGHT

Mother Nature has a knack for creating harmonious colour combinations. Find inspiration in fresh flora and layer timber finishes and tone-on-tone Resene greens with pops of pink.

SHADES OF THE SEASON

A colour palette that appears plucked from the garden is easy on the eye and brings harmony and balance to your living spaces. Enhance the beauty of timber grain with clear Resene finishes, or lightly rejuvenate colour with Resene Colorwood. Unleash your inner artist and create your own artworks with splashes of your favourite Resene testpot colours, using sheen levels to delight the senses. A matte finish such as Resene SpaceCote Flat will bring out the depth in your greens, or help fresher greens pop with a gloss finish such as Resene Enamacryl.
