RAZZLE DAZZLE

Attracted to all things shiny and new? Play up feminine textures, touchable textiles, and your penchant for patent with a wash of sweetened pinks, rich chocolatey hues and velvety reds. A palette of Resene Paper Doll, Resene Merlot and Resene Brown Bramble possesses a retro feel which works well with natural elements such as brass and copper, woods and ceramics.

CLOSET CONNECTION
Complement this season's spread of buttery brights and tofu tones with interiors to match. Line your wardrobe with a backdrop of Resene Half Milk Punch or Resene Half Gin Fizz. These tinted creams are sweetly obliging and very easy on the eye.
